IRICOOK®
THE PLEASURE OF BAKING

LES PAPETERIES DE VIZILLE
BAKING PAPER

UNE ENTREPRISE
DU GROUPE

Using its extensive experience in paper and cardboard greaseproof food-grade, Les Papeteries de Vizille have developed IRICOOK®, a range of high-tech double sided silicone greaseproof paper.

ENVIRONMENTALLY FRIENDLY

IRICOOK® is biodegradable and compostable. It is available, on request, certified FSC® (license n° FSC-C020652) or PEFC, which guarantees good forest management

MULTI BAKE

Double sided silicone greaseproof paper which can be used several times (number of cooking cycles depends on the type of use).

Baking

CERTIFICATION

Food contact certifications BFR 36/2 (European standard for papers used for cooking purposes), FDA (Food and Drugs Administration - standard for North America) and Kosher + Passover.

BfR

FDA

VERSATILITY

Designed for all types of industrial, artisanal and home cooking.

CONSERVES FLAVOURS

Preserves the product's quality and taste.

HEALTHY AND PRACTICAL

Using IRICOOK® is simple, fast and reduces costs: you do not need to grease the two non-stick sides, and the moulds and trays require little cleaning.

became a real pleasure

PACKAGING

Les Papeteries de Vizille offer their high quality IRI-COOK® product in various formats:

 ROLL	 DISPENSER CARTON	 REAM
<p>CONVERTER</p> <p>IRI-COOK® is well suited for cutting to size, automatic or manual packing in cartons, and the manufacture of rolls for consumer use.</p>	<p>DISTRIBUTORS</p> <p>(End users: industrial and artisanal bakers, caterers and Restauraners)</p>	
<p>AGRI-FOOD INDUSTRY</p> <p>IRI-COOK® was developed for protecting and cooking domestic doughs and pastry for manufacturers of frozen products, pizzas, pastries and pre-cooked dishes where greaseproof paper is used.</p>
